Designing labels has never been so easy.
The ePrint is an application which enables fast and easy design and printing of labels and a variety of barcodes. Delivers a familiar Microsoft Word-like user experience.

ePRINT lets you quickly design professional labels,

No prior knowledge of barcoding or designer training needed. The main advantage of ePrint is its ease of use and the ability to be customized further to better suit your work process. ePrint includes all functions prerequisite for label design. Fully – customizable text utilizing any TrueType font, images, and an assortment of industry-standard 1D and 2D barcodes can be embedded into your label designs to meet your business partners' requirements.
EPRINT supportlanguages : English, German, Danish

USERS

Single user

SUPPORTED DATABASES

Comma-seperated file *.CSV

Access Database *.mdb

Excel Spread sheet *.XLS - XLST

SQL Server Database

PRINTERS

Unlimited Printers

BARCODES

Supports all major industry barcode types 1D & 2D

LOGOS & PICTURES

All (*.jpg,*.jpeg,*.png,*bmp,*tiff,*ico,*emf,*wmf)

AUTO SIZE IMPORTING

All imported Excel data using best fit to text area defined.

PRINTING INTERFACE

Easy to use printing and selction of data including free choice of label copies for each record

DESIGNER

Create labels in minutes , no coding skills or training using the elements in the designer

VARIABLES

wizard for creation of variables for keyboard input before printing or from database

COUNTER

Advanced Wizard for creating counters, time, date, counter type, counter change, counter preview, variable promt for keyboard entry

SYSTEM REQUIRMENTS

Win7 to 10 - 32 & 64 bit. Using Windows 10 gives best user experience

ePRINT Label Software

ePRINT Quick Start Guide

By following a simple three step workflow you should be ready to print your first batch of labels using ePrint 2019 software in a matter of minutes!

- Create label template using New Label Wizard.
- Place one or more label elements on the label template and enter data or connect elements with a data source.
- Adjust print settings and print your first batch of labels.
  For more detailed information about the steps mentioned above please consult the ePrint 2019 user manual, section Quick start.

Installation Instructions

Following are step-by-step instructions for installing ePrint 2019.

- Insert ePrint 2019 dongle into your computer or download setup file from “https://www.linksolutions.dk/downloads/”.
- Locate and run ePrint 2019 setup program listed as “setup” or “setup.exe”.
- After confirming that you agree with the license agreement follow the setup instructions to complete ePrint 2019 installation.
- Make sure to install additional Excel drivers if you ever plan on using Excel data sources with ePrint 2019!
